

Laureus Sport for Good Training

What makes an amazing session leader?

We have some really exciting training coming up for the Laureus Sport for Good Nottingham project. The project will support young people in primary and secondary schools facing disadvantage. Over the three year project we will use sport to support pupils to build life skills, create and deliver social action projects and support their transition from primary to secondary schools.

Through this project the children will also have the opportunity to run their own projects, supported by the volunteers in their local community, and more importantly projects which are personal to them. This could be a school fun day, helping the environment or even clearing up the local park.

Training Details

What makes an amazing leader?
